About Me

I'm a UI/UX Designer with over 7 years of experience, specializing in creating user-friendly designs for web and mobile applications. I focus on delivering clean, intuitive, and visually appealing solutions that enhance user experience. My expertise includes user research, wireframing, prototyping, and visual design. I am passionate about solving design challenges and always strive to exceed user expectations.

Experience

- 2025 - Now
UI/UX Designer GAIA Digital Agency
 - Conduct user research and translate insights into effective user flows and wireframes.
 - Design and prototype intuitive digital experiences using Figma.
 - Collaborate and support the web development team to implement the visual design into a interactive web.
- 2024 - 2025
UI/UX Designer PT. Garis Piksel Teknologi (uiuxindo.com)
 - Collaborate with cross-functional teams to align design implementations with strategic goals, ensuring optimal usability and aesthetics across web and mobile platforms.
 - Drive innovation in interface design, contributing to the development of promotional content and enhancements for the company website using HTML and CSS.
- 2022 - 2023
UI/UX Designer Digital Logistics Solution (qwiik.com)

My main job is to create user-centric and intuitive digital experiences. This involves conducting user research, crafting user interfaces, and ensuring that websites or applications are easy to navigate, visually appealing, and align with the needs and preferences of the target audience.
